## **Early copies of *New Zealand Science Review* now available online**

With the cooperation of the US-based HathiTrust Digital Library, early copies of *New Zealand Science Review* can be openly accessed at:

<http://catalog.hathitrust.org/Record/008333763>

While not a complete set of the early journal, those available provide a fascinating insight into the early ecosystem of science in New Zealand and the role played by the NZ Association of Scientists.

This collection complements more recent issues held on the Association's website at:

The HathiTrust is a partnership of major research institutions and libraries working to ensure that the cultural record is preserved and accessible long into the future. There are more than sixty partners in HathiTrust, and membership is open to institutions worldwide.

For those who like statistics, the HathiTrust current digitised holdings consist of:

- 10,677,593 total volumes
- 5,612,007 book titles
- 277,864 serial titles
- 3,737,157,550 pages
- 479 terabytes
- 126 miles
- 8,676 tons
- 3,334,521 volumes (~31% of total) in the public domain.

### **The future**

NZAS is working towards digitising all copies of *Science Review*.
